

Access To Cypress Strand Board Minutes

You may have noticed a few changes to the Association website recently.

These changes have been implemented to make it easier for the Board of Directors to update the website with Minutes and Newsletters. We have also changed the location of the Minutes and Newsletters.

You now require the user name and password to obtain access to this section of the website.

Information about these changes has already been sent to those owners who have provided their email address to the Board.

Any owners who have not received this email can obtain the user name and password by sending their details (name, Cypress Strand address and email address) by email to Bev Eckert (beverlyeckert@mgmt.tv) or Helen McCarthy (helenmccarthy@mgmt.tv) at Lighthouse Property Management.

The Board of Directors.
November 2011.
